

Networking Group

Young Women with Breast Cancer

The mission of The Wellness Community is to help people affected by cancer enhance health and well-being through a professional program of emotional support, education, and hope. All programs and services are provided free of charge.

Meeting on the First Monday of each Month (Second Monday in case of Holiday)

6:30 - 8:30 PM

TWCP hosts this networking group in partnership with the **Young Survival Coalition**, for young women with breast cancer.

This monthly group is an opportunity for young women to address the distinctive concerns and issues that they face after a diagnosis of breast cancer. Women can share information and resources and support one another as they move through the breast cancer experience.
