Young Women with Breast Cancer

The mission of The Wellness Community is to help people affected by cancer enhance health and well-being through a professional program of emotional support, education, and hope.

All programs and services are provided free of charge.

**Meeting Thursdays
March 18 and April 15
6:30 - 8:00 PM**

TWCP hosts this networking group in partnership with the **Young Survival Coalition**, for young women with breast cancer (40 or younger at time of diagnosis).

This monthly group is an opportunity for young women to address concerns and issues that are unique to young women and breast cancer. Women can share information and resources and support one another as they move through the breast cancer experience.
